

Urine Collection Containers

Eco-Friendly | Leak-Proof | Reliable Handling

Product Overview

This Urine Collection Container offers a durable, leak-proof, and eco-friendly solution for sample collection. Constructed from high-quality 280 gsm paper with a plastic liner, it ensures sample integrity during handling and transport. With a 8oz capacity and secure-fit lid, it's ideal for use in clinical, laboratory, and healthcare settings.

Features and Benefits

- **Leak-Proof Construction:** Prevents spills and contamination during transport.
- **Eco-Friendly Materials:** Paper-based design supports sustainability initiatives.
- **Secure Lid Fit:** Helps maintain sample integrity during storage and analysis.
- **Lightweight and Stackable:** Saves storage space in clinical and lab settings.
- **Single-Use Design:** Promotes hygiene and reduces cross-contamination risk.

Product Specifications

- **Material:** 280 gsm paper cup with 18 gsm plastic liner
- **Lid:** 2 gsm plastic lid
- **Capacity:** 8 oz (approx. 240 mL)
- **Design:** Leak-proof, crush-resistant construction
- **Packaging:** 500 sets per case (cup + lid)
